MEMORANDUM

TO: All Users of Construction Specifications - July 2008 Specification Book

FROM: Jason A. Ridgway, Director
Office of Highway Development

DATE: April 2, 2013

SUBJECT: Distribution of New and Revised Special Provisions

A handwritten signature in black ink, appearing to read 'Jason A. Ridgway', is written over the 'FROM' field of the memorandum.

The latest versions to our Special Provisions for the July 2008 Specifications Book are posted on the Internet and S-Drive (for internal users), under HDDAPPS\HDDIFB\2008 Spec Book – Supplemental Specifications.

The following Specifications were added, deleted and/or revised:

File#: 003-toc – **Table of Contents.** Revised to reflect changes related to the specifications included in the IFB.

File#: 100-101 – **Clearing and Grubbing.** Added new specification. Language includes grading unit and construction language.

File#: 300-308 – **Erosion and Sediment Control (w/o plans).** Revised to reflect changes to stabilization duration, Inspection and record keeping, and design certification language.

File#: 400-410 – **Piling.** Added new specification. Language includes dynamic pile monitoring and pile testing.

File#: 400-426 – **Latex Modified Concrete Overlay for Bridge Decks.** Revised in its entirety and replaced with a new version.

File#: 400-440 – **Prestressed Concrete Beams and Slab Panels.** Revised to include two tables for prestressed beams and slabs.

File#: 900-921.12 – **Concrete Stain.** Added new specification. Language outlines concrete stain requirement in table format.

These Specifications are dated April 2, 2013. All projects which advertise on April 16, 2013 and thereafter must include these revised files. Advertised projects requiring an Addendum for some reason other than the revised Specifications should include these sheets, if applicable.
